Vol. XI, No. 9

September 1967

DAIRY FARMERS FOR PUGET SOUND MILK ORDER AREA TO HAVE CLASS I BASE PLAN:

Dairy farmers serving the Puget Sound Federal milk marketing order area will be paid through a new Class I base plan starting September 1, the U. S. Department of Agriculture announced August 15, 1967.

USDA's Consumer and Marketing Service said this will establish for the first time in any milk order a Class I base plan as authorized by the Food and Agriculture Act of 1965. In effect, the plan will apportion the market's higher-valued fluid milk sales among dairy farmers serving the Puget Sound area based on their past deliveries of milk to the market.

AUGUST UNIFORM PRICE \$5.08

Dairy farmers who delivered Grade "A" milk to handlers subject to the Fort Wayne milk order in August 1967 will receive a minimum uniform price of \$5.08 per hundred-weight for milk testing 3.5%, subject to a butterfat differential of 7.9 cents. The minimum price is also subject to a 4 cents per hundredweight marketing service deduction to nonmembers, authorized hauling charges, and location differentials.

The \$5.08 price for August 1967 is 15 cents above the July 1967 price, and 1 cent above the August 1966 price.

AUGUST PRODUCER RECEIPTS AND UTILIZATION

There were 761 approved producers who shipped 21,517,742 pounds of milk to the Fort Wayne market during August 1967 of which 15,643,940 pounds or 72.7% was utilized in Class I by 9 pooled handlers. Class I utilization was up 7.2% from July. On a volume basis, production was down 5.5%, but Class I utilization of producer milk was up 4.8% from July 1967.

SEPTEMBER CLASS I PRICE \$5.53

The effective basic formula price, as established by the amendment to \$1047.50 of the Fort Wayne order, of \$4.05 was increased by the standard differential of \$1.20 and further increased by a special 20 cents adjustment and a supply-demand adjustment of 8 cents to establish the Class I price of \$5.53. This price of \$5.53 is 2 cents more than the August 1967 Class I price, but 7 cents less than the September 1966 price.

ESTIMATED PERCENTAGES IN EACH CLASS (Announced September 12, 1967)

The Market Administrator announced the following estimated utilization percentages for the month of August for use in allocating bulk milk receipts from other Federal markets:

	<u>Class I</u>	<u>Class II</u>
